About Women Icons

The Women Icons Summit & Awards celebrates and honours the accomplishments & contributions of women who have excelled in different spheres of life. The initiative underscores the paramount role played by women in society, while appreciating their attitudes, initiatives, will power and perseverance. The Women Icons are those who have distinguished themselves as prominent citizens, who have displayed a strong mettle and capability to perform well in any field of endeavour.

It is important that success stories of Women Icons should be publicly recognized, so that such women not only become role models for future generations but also help change societal mindsets.

The goal is to facilitate a Thought Leadership, Recognition and Networking platform for women achievers across South & South East Asia. This will not only serve as a tribute to these women by celebrating their work, their life and their contribution to society, but will also empower younger generations to work towards their goals.

Following the phenomenal success of the inaugural Asian edition of Women Icons Summit & Awards hosted in Singapore in March 2017, the effort is to roll out the initiative in individual countries and create an ongoing forum to identify and nurture women achievers. The 2018 Women Icons Malaysia edition is the first attempt in this direction. To be hosted annually the aim is to pave the way through collaboration and inclusion, by engaging people, organisations, and governments in the celebration of women's accomplishments.

Dr. Agnes Heng

Director, Agnes Heng Dermatology

Dr Agnes Heng is a consultant dermatologist and director of Agnes Heng Dermatology in Ipoh. She was previously the head of dermatology department, Hospital Raja Permaisuri Bainun, Ipoh, and during her decade-long tenure in public service, she was also appointed as State Dermatologist, overseeing dermatological services for the entire state of Perak.

Under her leadership, the DSM has embarked on a few community outreach programmes. One such initiative is the Project on Adolescent Skin Health (PASH) whereby dermatologists reach out to secondary school students to educate them on the changes in their skin at puberty and should they have acne, to seek treatment early to prevent scarring.

Upon her return from the fellowship with University of Pennsylvania, Philadelphia, USA, she set up the first Immunodermatology laboratory within the Ministry of Health, which supported immunofluorescence and ELISA tests for all dermatology departments for the whole country. The availability of these tests has made the diagnosis of autoimmune blistering diseases possible.

Dr Agnes is a speaker at several national & international conference, an opinion leader and speaker for several pharmaceutical companies, on editorial board of the Malaysian Journal of Dermatology and is a reviewer for the Medical Journal of Malaysia. She also serves as a council

member of the Asian Academy of Dermatology and Venereology (AADV) and an ambassador for the 24th World Congress of Dermatology 2019 in Milan.

Dr Agnes is passionate about promoting the interest in Dermatology among young doctors and strongly believes that sharing knowledge and expertise will help raise the bar of Malaysian Dermatology. She was a trainer for

the Advanced Masters of Dermatology, Universiti Kebangsaan Malaysia and has organized numerous teaching courses, workshops and conferences for paramedics and doctors alike.

She is also a regular singer, performer and jewellery designer with her own company, KLEUR Jewellery Designs.

Fathiah Hamzah

Project Coordinator, Rumah Solehah

For the past ten years, Fathiah has taken on the role of project coordinator at a halfway home in Ampang, Selangor, Malaysia for children living with HIV/AIDS. Rumah Solehah (RS), meaning 'home of pious women', houses orphans whose parents have died of AIDS.

For some, working with people who have HIV/AIDS may represent gloomy images of disease and death, but for Fathiah, it is a world connected with love, learning and fun.

Her journey with RS began when one of her seniors at International Islamic University Malaysia invited her to organise a birthday bash for the children of RS. Since then, she noticed that most of the children were not doing well at school. This encouraged her and her friends to start a tuition class for the kids.

Since the creation of Rumah Solehah in July 1998, the organisation has cared for more than 55 children, giving them a home and a family to belong to — something that children with HIV/AIDS are often denied. Many of the kids have suffered mental and physical abuse from their own relatives and were abandoned on the street or at hospitals.

Fathiah's responsibility is to engage the children in a variety of activities to nurture their diminished self-confidence. The activities give the children an opportunity to explore their talents and shine.

Rumah Solehah is a home to many wounded hearts where idols like Fathiah Hamzah dedicate themselves to healing those wounds, raising public awareness & increase acceptance with their empathy & dedication.

Dr. Wendy Liew

Founder & Director, The Image Creator Sdn Bhd

Dr. Wendy Liew is the Founder & Director of The Image Creator Sdn Bhd and a tenacious styling and imaging talent set on bringing a message of beauty and confidence to the people around her. Profoundly passionate in what she does. She possesses a D Prof (GULL, USA) from her development pathway that includes a professional project application in Image & Brand Management.

Wendy's work is born out of her philosophy that one's image should never be used to cover up who you are but should instead be used as an accessory that brings out your true self and at times, allows one the power to dream and to dare.

Dr. Wendy has created an E-Commerce platform in Personalize Image Consultancy services to the doorsteps with just a few clicks away. This aims to make women' life simpler for any occasion, whether they are a fashion diva or practical dresser.

She holds Certificate from some of the finest worldwide institutes including The Australian Image Company and International Image Institute of Canada, Charleston School of Etiquette & Protocol in USA, London College of Fashion by world famous Luxury Brand Consultant and she is also an International Licensed Practitioner of NLP™. She was one of the privileged few who were personally trained by Carlsten Cziborr, an acknowledged excellent student of Dr. Richard Bandler, the co-creator of NLP™.
